

# Apostille Request

An Apostille is a special procedure and document established in 1961 to certify documents that are passed between countries. Signatory countries agree to recognize public documents issued by other signatory countries if those public documents are authenticated by the attachment of an internationally recognized form of authentication known as an "Apostille." The Apostille ensures that public documents issued in one signatory country will be recognized as valid in another signatory country. (<http://apostille.us/>)

An Apostille of a Bowdoin diploma or official transcript may only be obtained through the Maine Secretary of State after the document has been notarized through <http://www.maine.gov/sos/cec/apostilles/>

To begin the process of obtaining an Apostille, students or alumni should submit this completed request form along with the selected document(s) in Section II. The document requested will be notarized and issued to the student in a signed, sealed envelope. Print the [Form Request for Authentications/Apostilles](#) and follow the Apostille instructions from the State of Maine website. <http://www.maine.gov/sos/cec/apostilles/>
