			\frown	

Step 2) Now when Harry continues he will see availability for his new group size of 2

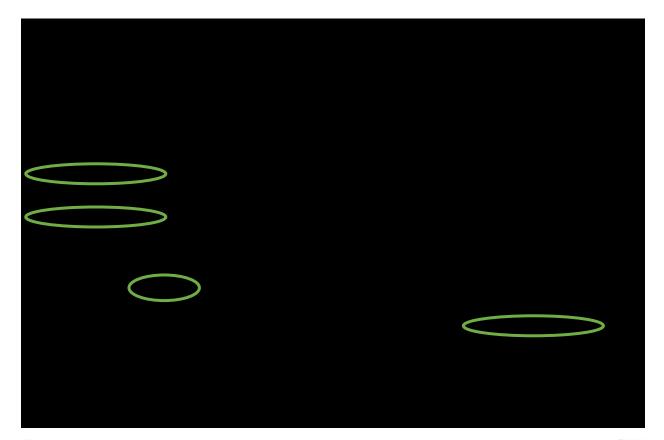

Step 3) As Harry is selecting a space for him and Ron, Hermione gets started on making a new roommate group for herself and Luna

Step 7) Hermione and Luna talked to Harry and Ron while they were picking their assignment so they could all still live in the same building. Harry and Ron picked Brunswick E2 so Hermione is going to look for availability in Brunswick Apt E.

Yay! There was availability

DONE W

All done!

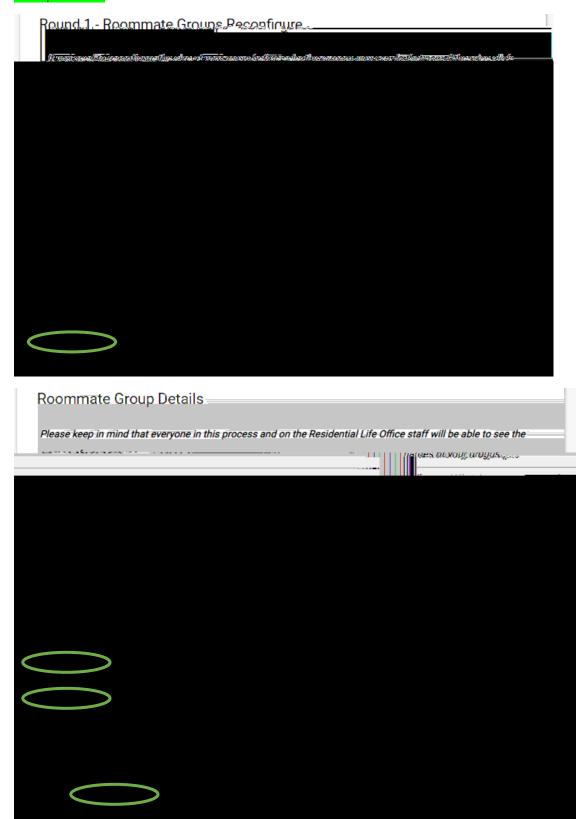

ITH THIS!

Example of Group of 4 splitting into individual groups What about if the group decided they all wanted to get singles and live with friends in Osher instead? Step 1) The group leader needs to remove all roommates

	SEND MESSAGE	4		
				\frown

Step 2) Ron, Hermione, and Luna all need to log in and create their own roommate groups. See 1 example below

Step 3) Selecting rooms: While they are making their groups, Harry lets everyone know that he selected Osher 211 since the whole floor is still open. Hermione finishes first and selects Osher 212 (note she can see Harry is her floormate)
